It seems the logisitics of this course was not duly explained/understood. A few pointers;

Every Monday, all assignments for said week OPEN. They will ALWAYS be due a WEEK after opening. You have the course syllabus, REVISE IT!

Example: "I didn't get to do Quiz 3, I'm so confused".... Of course you didn't, because we're in Week 6, it was open during Week 4 and was due Week 5.

Example 2: "Ms. I didn't do the presentation because I didn't understand if it was my turn".... You have my email, Slack, Whatsapp (in the event of a catastrophe)... Don't ask me to explain what exactly WAS due, a week later of being due. Just... No. *Said with love* I sent a presentation schedule. Check it out. If not, ASK! Aske students, ask me, ask God for guidance but ASK!!

*FLOR's GROUP, please check the schedule, determine what Chapters are still missing to present, choose one to be your next, let me know.

Since many of you missed a few assignments, and Aula Virtual tends to magically hide assignments, apparently, I am giving you the following opportunity.

I am reopening the following assignments until June 24th

1) Quizzes 4 & 5

2) Week 2 - Wednesday, May 17th

In-Class Assignment 1

- Content Calendar

* This is a GROUP assignment; Can be submitted only once and please include ACTIVE group members.

INSTRUCTIONS ARE AVAILABLE ON THE AULA. READ THEM!

3) Week 3 - Wednesday, May 24th

Virtual Activity #2

-FORUM

*I'm not re-opening this, as this was a VIRTUAL week, and you should have checked Aula Virtual and been aware this was due.
28 of you participated (over half the class). Good enough for me!

4) Week 4 - Wednesday, May 31st

In-Class Assignment

- FORUM - online Acquisition techniques

I believe this is open. Again, this is a GROUP assignment. INSTRUCTIONS ARE AVAILABLE ON THE AULA. READ THEM.

5) Week 5 - Wednesday, June 7th

In-Class Assignment #4

- RawShorts video (Style: PSA/ Creating Awareness with your brand)
- * This will count for Assignments 4 & 5 as it may take a little longer than other assignments to complete, but way more entertaining.

 IT IS STILL DUE JUNE 24TH..., as it has been open all week.

Slack is a very useful platform in which us students have direct interaction with our teacher. We are able to communicate and discuss all the topics regarding the respective class

katherinediaz 4:46 PM

I like the channels and that we are always in communication with the teacher and I don't like that I didn't received some of the the notifications

camille.er 4:46 PM

what i like about slack is that way we can communicate in different groups and how they're all organized on the side. it also directs you to the last message you read so you don't miss anything someone said.
